

CV Senior Park Renovation
Gold Project - GS Nancy Au
3.16.09

My name is Nancy Au, and I am a Senior Girl Scout from Troop #290. For my Gold Award Project I will be improving the Crescenta Valley Senior Park so it will be more inviting to the community. Because of the size of this project, I will need other scouts and troops to help me in its completion. Available projects are below:

Construction Opportunities

- **3 Oversized Birdhouses** – Three colorful, hand crafted birdhouses that will be both an artistic attraction and a home for birds.
- **Circular Tables and Chairs** – Four brightly painted, circular wooden tables to provide easy seating, with checker boards stenciled on them, and twenty smaller circle chairs. All will be attached to polls and bolted into place.
- **Decorative Slat Fencing** – Two smaller pieces of white slat fencing need to be made to frame flowers and a larger fence will hide unused space while shading flowers.

Gardening Opportunities

- **Removing Current Plants** – Before renovation can begin the current garden needs to be cleared out. This includes moving out the plants, woodchips, and bordering. *Suggested Dates: April 25 -26*
- **Replanting** – Original plants, woodchips, edging, and new flowers will be installed, bringing back color and life into the garden. *Suggested Dates: June 21 -22*

Are you or your troop interested in one of these projects?
